## Holiday Activity and Food programmes

in Bath and North East Somerset

Easter 2023

Free holiday activities for all children and young people aged 5-16 years old (reception to year 11), who receive benefits related free school meals (FSM). We have a wide selection of childcare, sports, outdoor education and activity programmes on offer across Bath and North East Somerset this Easter 2023.

All HAF camps and programmes are FREE of charge and include a FREE meal for any child or young person in receipt of benefit related free school meals (FSM). We have primary aged, secondary aged, mixed and SEND specialist provision across the region, **please only book a place if you know your child can definitely attend.**

All eligible children and young people will receive their unique HAF pass through the Evouchers and Holiday Activities platform. These will be ordered from their school and sent directly to the contact associated with the child or young person. You can view and book the activities on offer from this direct link. This brochure contains information about what is on offer across the region, where, when, for what age groups, and who to contact directly for more information or to help with booking.

We look forward to seeing lots of active children and young people across Bath and North East Somerset this Easter!

# Frequently Asked Questions

## Who is eligible for a free place on the holiday activity and food programme?

This holiday provision is for school aged children from reception to year 11 (inclusive) who receive benefits-related free school meals. Benefits-related free school meals (FSM) are available to pupils if their parents are in receipt of one of the qualifying benefits, and have a claim verified by their school or local authority.

Local authorities have discretion to use up to 15% of their funding to provide free or subsidised holiday club places for children who are not in receipt of benefits-related free school meals but who the local authority believe could benefit from HAF provision.

This may include, for example:

- children assessed by the local authority as being in need, at risk or vulnerable
- young carers
- looked-after children or previously looked after children
- children with an EHC (education, health and care) plan
- children who have low attendance rates at school or who are at risk of exclusion
- children living in areas of high deprivation or from low-income households who are not in receipt of free school meals

- children in transition phases between nursery and primary school or primary and secondary school
- This list is not exhaustive, and it is open to the local authority to decide which children should benefit from the 15% flexible funding element of their HAF funding.

## My child is on Universal infant free school meals are they eligible?

All children in reception, year 1 and year 2 in England's state-funded schools receive a free meal under the Department for Education (DfE) universal infant free school meal (UIFSM) policy. Infant pupils who receive a free meal under UIFSM must also be eligible for benefits-related FSM to be able to access a place on the HAF programme.

## Can I pay for my child to attend if they are not in receipt of FSM?

Yes, many of the camps in the region are open for paid places. You will need to contact the holiday camp provider and follow their booking requirements to book and pay for the place.

## How many days can my child attend?

All eligible children and young people will have 8 credits for Easter 2023. Each credit allows for one session per child/young person. This is to allow access to HAF for as many families as possible, however this will be regularly reviewed and increased if funding and provision allow.

## How do I book?

Evouchers/Holiday Activities App is the booking platform that is being used in Bath and North East Somerset. Every school will be contacted and will order HAF passes for all eligible children at their school from the 3rd March. These will be emailed or texted direct to eligible families based on the contact information used for free school meal data. Families can then access a link in the email or text which will take them to the Bath and North East Somerset HAF site, from there they can search by provider or postcode to find the provision they require. Bookings are made directly through this link which contains each child or young person's unique code. Anyone who is not eligible to receive the HAF pass can contact their chosen provider and book/pay directly with them if possible.

## Does it matter if I book and then don't use the place?

Yes, yes it does! The government have funded each place, so whilst they are free to those eligible, each booked but not attended place can cost up to £50 per person. Therefore, please only book the provision you require and please notify the provider directly if you no longer require the place.

## My child has special educational needs or a disability, can they still attend?

We have some SEND specialist providers who work with those children and young people who may require more support. Many activities and camps are inclusive, however please do contact your chosen provider directly if you feel your child or young person needs more support to find out if the activities are suitable or not.

## What food is provided?

There will be a lunch provided at each session that comes at no extra cost. Our aim is to offer a hot meal wherever possible but in some instances there will be packed lunches on offer. We aim to use local food providers where possible and to reduce food wastage we would be grateful if you could contact your camp provider if you no longer require the meal or are cancelling your booking. We understand some children may not want the food offered and it is possible for them to bring a packed lunch, however we do encourage all children to try the food on offer where possible.

## Is a HAF Pass the same as a FSM holiday voucher?

No, your Holiday Activity and Food (HAF) Pass is separate from any voucher you may or may not receive from the LA to spend in your chosen supermarket. The LA FSM holiday vouchers will be distributed separately from the HAF passes and at a later date. HAF passes have 'Activate your Holiday' branding and allow you to book your child onto HAF activities - they have no direct monetary value. It is hoped that both the HAF provision and the FSM Holiday Vouchers will help eligible parent/carers feed and entertain their children over the summer holidays.

## Can you support us in getting our children or young person to an activity?

We have a small limited budget for transport costs. If you feel you are unable to access your nearest provision without additional support please speak to the provider who can then put a claim in for additional funding to help cover transport costs.
